

PHYTOMAX POULTRY

(Herb combination product poultry)

PRODUCT DESCRIPTION

Phytomax Poultry is a combination product of essential oils, plant extracts and parts of whole plants. This ensures a higher feed intake, an improved feed conversion and an increased intestinal health. The herbs and spices have been specifically selected for their positive effect on digestion and to increase the palatability of the feed.

PRODUCT COMPOSITION

Mix of essential oils, herbs, spices, plant extracts, flavor extracts, natural identical flavors, permitted additives, solvent and/or carrier. The product contains the extract premix AuxInt® (auxilium intestinorum). Scientific research at the Universities of Munich and Tübingen (Germany) has demonstrated the efficacy of AuxInt® on primary inflammatory colitis and inflammatory bowel disease.

ACTIVE INGREDIENTS

Alpinia officinarum (Galanga), Foeniculum vulgare var. Dulce Mil. (Fennel), Melissa officinalis L. (Melissa balm), Mentha piperita (Peppermint), Quercus cortex (Oak), Syzygium aromaticum L. (Clove), Thymus vulgaris L. (Thyme)

CHARACTERISTICS

Appearance : beige to light brown
 Texture: free flowing powder
 Smell and taste: characteristic of herbs
